Profile:

I am dedicated to being creative with an interest in interactive web design as well as user interface and front-end web development. I enjoy projects that push my creative limits and allow me to put intelligent design to good use. I have been recognized for my ability to meet project deadlines and work on multiple projects at the same time.

Summary of Skills:

- Adobe Creative Suite
- HTML, XHTML, and CSS
- Quark Xpress (pantone colors, CMYK, dpi)
- Flash / Actionscript
- Javascript (JQuery)
